## MESA RANCHMEN ARE ENTHUSIASTIC

Great Interest They Take in High School Agricultural Course.

Much enthusiasm is being shown among the ranchers of Mesa and vicinity, as well as among the High school students, over the proposed agricultural course, that will probably be instituted the 15th of this month. Coming at so opportune a time, with the live stock show at the Territorial Fair for the class to inspect, it is certain that there will be a large enrollment for both night and day classes. The day classes will have practical demonstration, in all practical forms of horticulture, dairying and irrigation, and will be given advantages such as few secure outside of universities. The night classes will have the benefit of lectures, and can visit the day classes if desired. Coming as it does

## Scott's Emulsior

That is what the doctor means. He would not force you to take the crude oil when he knows the Emulsion is better—more easily digested and absorbed into the system—and will not upset the stomach like the plain oil.

### SLOWLY IMPROVING.

Mrs. W. K. Rink, who it will be remembered was thrown from her husband's wagon while driving into town with him last Wednesday evening, is recovering from her injuries nicely. After Mrs. Rink was thrown out, Mr. Rink jumped and landed on his head and shoulders. It was thought at the time that he was not injured to any extent but his back seems to have been severely wrenched. He is not gaining so well as could be expected although the doctors think he will be around again in a few days.

### RETURNED HOME.

Mrs. O. McCullough and children have recently returned from an extended trip through Missouri, and some of the middle west states. Mr. McCullough's mother came out with them and will spend the winter at her son's home east of Mesa.

### HONEY GROWERS' ASSOCIATION.

A number of Mesa bee men were in Tempe Saturday attending a meeting of the Honey Growers' association. The meeting was called to discuss the prices put on the honey and other matters of importance. It seems that although the output of honey is considerably less this year than generally, the prices are being held down and it was to inquire into this, as the majority of the growers are inclined to hold out for a raise.

### RUSH OF BUSINESS.

Manager George Johnson of the Toggery, is wearing a jumpy smile in consequence of the rush of business as a result of the sale which he inaugurated Saturday. He has new bargains in his change of advertisement today and his stock is brand new, up-to-date fall goods. A particularly good line of ladies' ready-to-wear apparel, a large assortment of umbrellas, hosiery and shoes for ladies and men are all drawing cards.

## WILL REPAIR RAVAGES OF THE LATE FIRE

Ernest Crismon to Build New Store Rooms.

Ernest Crismon has perfected the plans for the new building which he intends to erect on Main and Robinson streets as soon as the ground can be cleared and prepared. It will be remembered that the fire which destroyed the Dana livery stable, also destroyed the Crismon hotel and the Crismon real estate office. All these buildings belonged to Ernest Crismon, and the loss was severe. However, he has been planning for some time to erect a more substantial structure and his plans are now about to be realized.

He intends to build five store rooms fifty feet deep. One will be 27 feet wide, another 25 feet and the other three will be 16 feet wide. The buildings will be as nearly fire proof as possible, with cement ceilings, floors, and all known devices to protect both the owner and tenants.

### HAS RESIGNED POSITION.

W. F. Van Meter, who has been with the Shattuck-Nimmo company for several months resigned his position Saturday. Mr. Van Meter is going to build a new house on the Vineyard, for renting purposes. In fact he already has the house rented before ground is even broken for the foundation. It will be an ordinary frame structure, but will combine sanitary ideas with comfort and taste.

### W. C. T. U. MEETING.

The ladies of the W. C. T. U. will meet in the Methodist church Tuesday afternoon, October 12. It is expected a large number will attend as the delegates, Mesdames Irwin and Westover, who visited the Territorial convention at Prescott, will be in attendance and will have good news to report.

## SUGAR BEET

CONTRACTS have been coming in rapidly, and we now have over one-half of the 7,000 acres already contracted for. As soon as we reach the 7,000-acre mark we will be compelled to refuse any more applications. Parties wishing to grow Sugar Beets the coming season should see our agents at once or write to us at Glendale.

Early planted beets, well tended on good soil, will prove the surest and best crop that can be raised in the valley. It is possible to raise 30 tons per acre; 20 tons per acre will be a common yield, and 15 tons per acre is a fine paying crop.

The market is steady and the price assured, \$4.75 per ton. We will arrange for seed and hand labor. See us today.
